is proud to present

Rattlesnake Avoidance Training for Your Dog

by High On Kennels

March 27-28, 2021

The avoidance training teaches dogs to recognize and stay away from the scent, sound, and sight of rattlesnakes. The training team uses a remote training collar with a low level stimulus adjusted to each individual dog and hooded rattlesnakes to train your dog to avoid rattlesnakes.

Rattlesnake Avoidance Training is conducted in a safe, humane, controlled environment ensuring the safety of your dog, as well as the safety of the rattlesnakes. Every precaution is taken to make your experience with Rattlesnake Avoidance Training a positive one for you and your dog.

This training is an effective, preventive measure. It is not a guarantee. In order to learn a strong avoidance behavior, we recommend several repetitions of the training. The first year, "**Initial training**", is when the dog learns intense avoidance of rattlesnakes. The second year, "**Maintenance training**", is what really cements this behavior within your dog. **To ensure maximum benefit from this training, maintenance training should be done the following year after initial training.**

Note: Please, no flexi leashes on dog(s).

The clinic is located in Bonsall.

***Sign up on-line at: www.hiddenvalleyobedienceclub.org/snakeclinic.php
or by mail using this form.***

On-line registrants: Pay via PayPal or check, and receive immediate confirmation of your appointment time. **Checks must be received within 7 days of on-line registration to hold your reserved time.**
